

ALWAYS CONNECTED – WHEREVER YOU ARE.

Control your video entry system from your phone,
anytime, anywhere.

Comelit APP

The door entry monitor at your fingertips.

Live Video from Door Stations

See and speak with visitors in real time from your mobile device, wherever you are.

Two-Way Audio Communication & Remote Door Unlocking

Have a conversation with the person at the entrance and unlock the door or gate remotely with a single tap.

Video Messaging

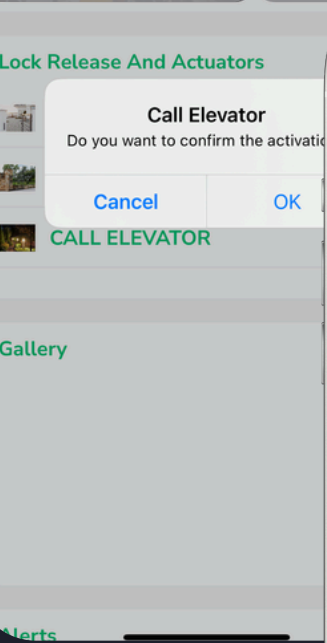

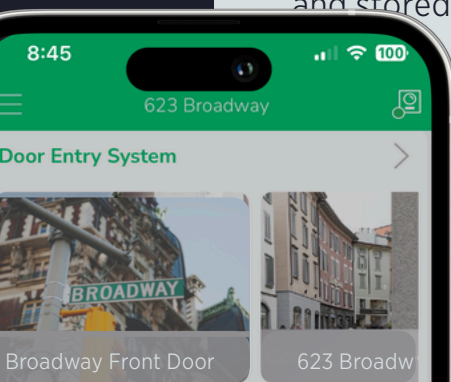

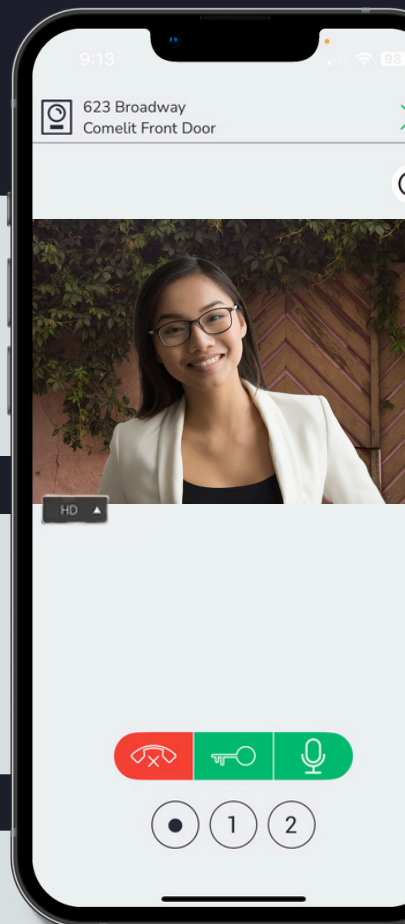

If you miss a call, visitors can leave a video message—recorded and stored directly on your device for easy playback anytime.

Elevator Control from Your Phone

Remotely call the elevator to your floor after answering a call or grant elevator access to a visitor—all from the app.

CCTV Camera Viewing

Monitor common areas or entry points by accessing live video feeds from integrated CCTV cameras around the property.

Comelit APP

The door entry monitor at your fingertips.

Concierge Calling

Easily call your building's concierge or receive calls from them right on your smartphone, no matter where you are.

Push Notifications & Call History

Get instant alerts when someone rings your unit and keep track of all activity with a detailed call and video log.

Multiple Device Support & User-Friendly Interface

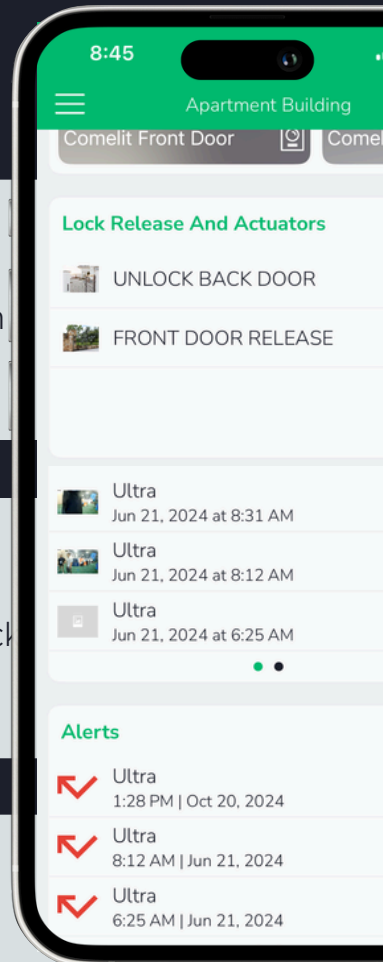

Use the app across multiple devices with an intuitive, modern design that anyone can use with ease.

Flexible Pricing: One-Time Fee or Subscription

Choose between a one-time license fee or a subscription model. Comelit is the only company in the industry that offers a one-time fee option—proving why we're the industry leader.

Multi-Site & Cloud Connectivity

Manage multiple buildings from one login. Enjoy encrypted, secure cloud service for remote access without any complicated setup.
